.....

.....

Enrolment Terms and Conditions

It is the responsibility of the responsible person to ensure the account remains financial.

All customers who have ongoing bookings with the DKHAC Aquatic Centre are required to have a current direct debit agreement in place to secure their booking for upcoming terms.

Customers choosing to not have a current direct debit agreement need to pay for the upcoming term's sessions in full before their first session.

All new enrolments will produce a pro-rata amount in our system to cover any period before your first direct debit payment is processed. This means you will have a one-week OR two-week payment (depending on the enrolment date) due before your first lesson. This pro-rata payment can be made at the customer service desk before you enter for your first lesson.

To cancel an enrolment an email from the Responsible Person must be received 3 business days' prior to the next direct debiting date, otherwise the account will be billed for the next period.
